

### Alumni Spotlight: Troy Merigliano '17

#### *How did LLC prepare you for your career?*

LLC provides a unique opportunity to learn about a side of finance that isn't covered in classes or other student organizations. Learning about debt provided me with a strong foundation for leveraged finance and helped me to differentiate my skillset.

#### *What advice would you give to current members of LLC?*

Take advantage of the resources and network provided by LLC. It is rare for a college student to have access to the type of information that you do in LLC. For those with internships this summer, remember that return offers are won through effort and attitude. Technicals are important, but showing a strong work ethic and genuine interest in the job is just as important.

**Thank you, Troy, for all that you have done for Leveraged Lion Capital!**

Troy is an Investment Banking Associate in the Leveraged Finance group at Bank of America Merrill Lynch. Troy graduated from the Schreyer Honors College at Penn State in 2017 where he helped to found LLC. Troy interned in Leveraged Finance at BAML before returning to the group full time as an analyst.
